MEMORANDUM FOR THE RECORD

SUBJECT: Conversation with Dr. Brzezinski,
11 July 1978

1. I discussed the PRC(I) and his plan to add onto the agenda an item concerning the relationship between priorities and budgets. We compromised and agreed to put that last.
2. We talked about Title I. I told him I had given in on the item about removing clearances from contractors, that I had been trying to get Harold Brown to agree to give in on some of the others, and that I would negotiate it with Charles Duncan on the phone.
3. I gave him the memorandum on civil defense. Told him I was ready to go ahead with the unclassified publication. He said okay.
